

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

85787-1

Date of Issuance:

12/16/15

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Deltamethrin 0.4% Incorporated
 Polyethylene Screen

Name and Address of Registrant (include ZIP Code):

Christina M. Swick
 Vestergaard Frandsen Group S.A.
 1020 19th Street, N.W., Suite 895
 Washington, DC 20036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Kable Bo Davis, Product Manager 03
 Invertebrate & Vertebrate Branch 1, Registration Division (7505P)

Date:

12/16/15

2. You are required to comply with the data requirements described in the DCIs identified below:
 - a. Deltamethrin GDCI-907805-889
 - b. Deltamethrin GDCI-097805-1100
 - c. Deltamethrin GDCI-097805-1210

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCIs listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: http://www.epa.gov/oppsrrd1/contacts_prd.htm

3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 11/25/2015
- Alternate CSF 1 dated 11/25/2015
- Alternate CSF 2 dated 11/25/2015

If you have any questions, please contact Jennifer Gaines by phone at 703-305-5967, or via email at gaines.jennifer@epa.gov.

Precautionary Statements:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Caution

Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> ▪ Call poison control center or doctor immediately for treatment advice. ▪ Have person sip a glass of water if able to swallow. ▪ Do not induce vomiting unless told to do so by the poison control center or doctor. ▪ Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> ▪ Take off contaminated clothing. ▪ Rinse skin immediately with plenty of water for 15-20 minutes. ▪ Call poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> ▪ Move person to fresh air. ▪ If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. ▪ Call poison control center or doctor for further treatment advice.
For incidents involving HUMANS, call..... ¹ For incidents involving ANIMALS, call..... ²	
<p>Note to Physicians and Veterinarians: This product contains Deltamethrin Technical (a synthetic pyrethroid) which inhibits the sodium channel. Symptoms may include excitement, gastro-intestinal discomfort, dizziness, excessive sweating, listlessness, headache, nausea and vomiting and muscular fasciculation of limbs. Initial treatment should be symptomatic and supportive. There is no specific antidote. Contraindication: Atropine and derivatives of adrenaline. Have the product container or label with you when calling a poison control center or doctor or going for treatment.</p>	

Directions for Use:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Each roll of the screen is 100 m in length and 1.5 m in width.

Measure each side of the shelter/shed/pen/sty.

Determine the total length of the perimeter of the enclosure and determine the total length of the fabric required. Each roll of the screen is 100 m in length.

Determine the height of the shelter to be covered. Each roll of the screen is 1.5 m in width.

Unroll fabric and cut the desired length (plus additional 50 cm.). Start attaching the roll to the perimeter by using nails or heavy duty staples at 60 – 70 cm spacing.

Keep bottom 10 cm above ground before nailing or stapling.

<p>Use Restrictions: Do not open the original packing until ready to use. Do not allow children to handle the product. The screen is intended for use only as a carrier of the incorporated insecticide and is not to be taken internally by humans or animals.</p>

Deltamethrin 0.4% Incorporated Polyethylene Screen
EPA Reg. No.:85787-1

Deltamethrin 0.4% incorporated polyethylene screen, containing deltamethrin insecticide has been specially formulated using patented insecticide release technology. The screen kills stable flies (*Stomoxys* spp.) that may negatively affect livestock and other enclosed/secured animals. Stable flies are killed when they land on the screen where they contact and absorb the insecticide.

Prior to installation of the screen, measure the entire perimeter of the enclosure, including larval habitat. Cut the suitable dimensions of the screen and install it against the perimeter of the enclosure/area demarked by using nails or heavy duty staples. The dust accumulated on the screen can be washed by using mild non alkaline soap and with soft brushing. The effectiveness of the screen may get affected by dust accumulation and hence regular cleaning of the fence is recommended.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

Pesticide Storage: Store the product in its original packing till the time of actual use. Store the product in a cool, dry place away from children and pets.

Pesticide Disposal and Container Handling: Do not reuse the container or packaging. Do not use the used screen for any other purpose other the intended and recommended use. The used screen can be shredded and then disposed of in to the trash.

MAKES NO OTHER WARRANTY, EXPRESSED OR IMPLIED INCLUDING ANY IMPLIED WARRANTY OR FITNESS FOR A PARTICULAR PURPOSE OR OF MERCHANT ABILITY. In no case shall Vestergaard Frandsen be liable for consequential, special, indirect or incidental damages resulting from the use of handling of this product. The foregoing conditions of sale and warranty can be varied only an agreement in writing signed by a duly authorized representative of Vestergaard Frandsen.

Part No. xxxx

INSTALLATION GUIDELINES – PERMANET SCREEN

1. Measure each side of shelter / shed / pen / sty. Determine total length of fabric required. Measure height of shelter to be covered

2. Unroll fabric. Cut desired length (plus additional 50 cm.), then roll the cut piece so it will be easier to handle during installation. Shake loose dirt from fabric before installing.

3. Start attaching at edge of entry gate of shelter by securely nailing from bottom to top.

4. Keep bottom 10 cm above ground before nailing. If shelter height is less than 1 meter fold fabric inward at top. Do not fold bottom.

5. Hammer 3 cm nails through fabric leaving about 1.5 cm of nail protruding from board. Bend nail over, securing the fabric

6. Roll out fabric as needed. Make sure it is straight and tight against boards of shelter.

7. Continue hammering nails on top board. Space 60 – 70 cm apart. Keep fabric tight.

8. Once top is secure for a few meters pull fabric tight from below and hammer nails at bottom. Fix one section top and bottom then unroll as needed.

9. Keep fabric tight both vertically and horizontally. Do not let fabric sag. Do not stretch.

10. Continue fixing around perimeter of shelter. Measure, cut and fix a separate piece of fabric to the gate. Cut fabric if necessary around other construction features.

Special Conditions

Install fabric flush to top of concrete or brick wall. Ensure that no space is left open.

Maintenance

Occasionally brush or wash fabric to prevent build-up of dust and dirt that will interfere with action of insecticide.

Deltamethrin 0.4% Incorporated Polyethylene Screen
EPA Reg. No.:85787-1
